(*) Anti-bacterial products contain poisonous pesticides and fungicides as ingredients that create more serious health risks.

Day after day, week after week, year after year, people may be unaware they are being exposed to numerous poisonous chemicals found in common, everyday household and personal care products. By themselves, there is reason for concern, but when you combine them in your body, there is reason to worry.

Replace toxic personal care products with safe, all natural:

Miracle II Products

1 Alcohols – Acid and Alkali: rashes, muscle weakness, headaches, dizziness, nerve damage, vision problems, sleeping problems, stomach cramps, disorientation, depression, coughing, respiratory problems, anemia, organ damage, fatigue, heart damage, cancer, death.
